

Baccara & Hi-C joined Meeting on Interfaces

Tours, France
October 5-7, 2015

Last circular - September 23, 2015

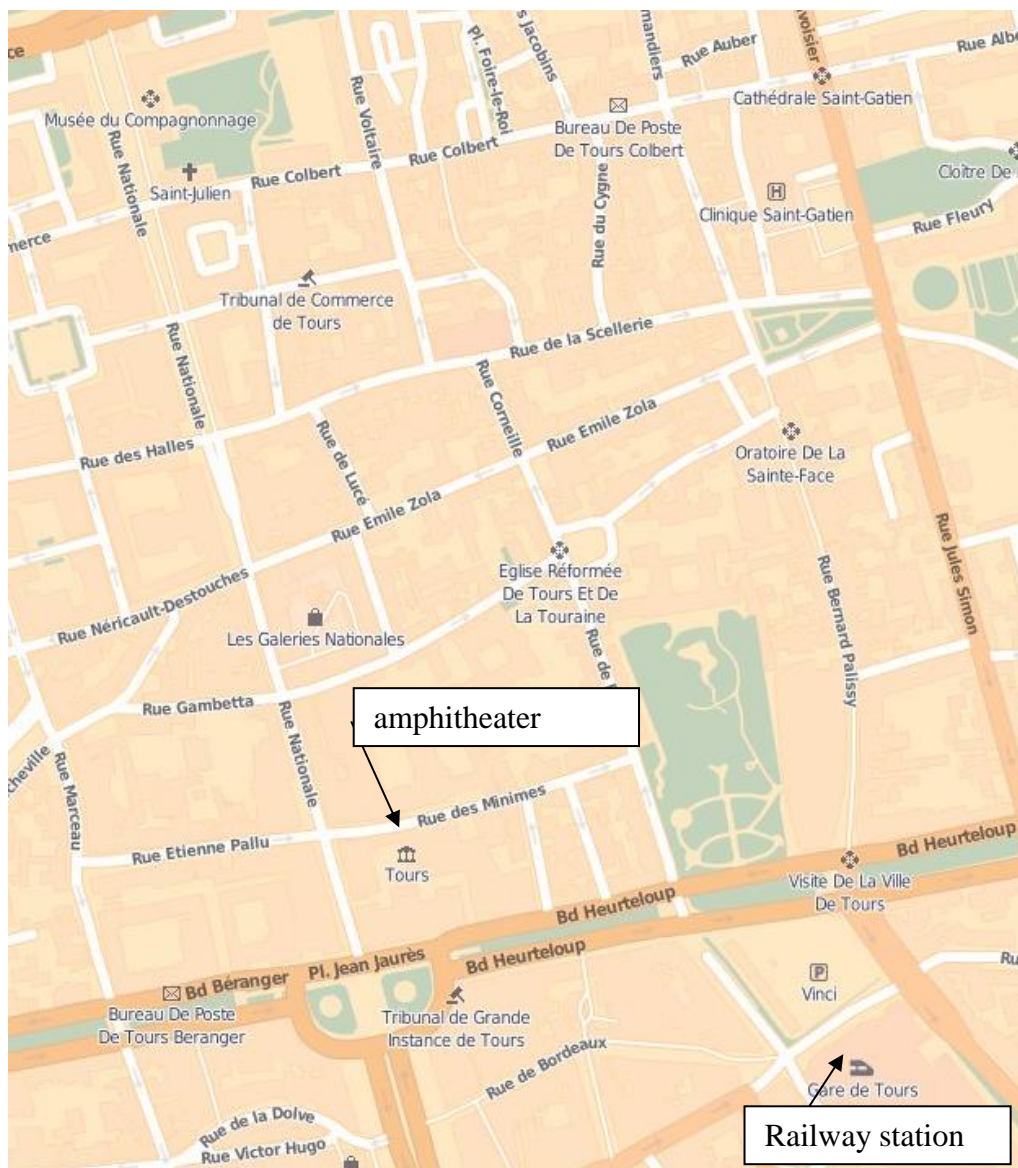

Conference site

Auditorium Léopold SENGHOR du Lycée Descartes

10 Rue des Minimes, Tours
<http://www.lyc-descartes.fr/>

The Lycée has existed since 1807 in Tours as a high school, and settled in the Grand Séminaire Saint-Charles, the heart of its current base. The Lycée became mixed in 1969, and then receives girls from the Lycée Balzac (High School for Girls). By decree of 15 December 1888, the high school took the name of Lycée Descartes. It appears in the general inventory of cultural heritage.

Town center: 100 m \longleftrightarrow

Access to TOURS

- From CDG airport: direct TGV train or RER line B to gare du Nord (RER/metro) and line 4 to Montparnasse station. TGV to Tours/Saint Pierre des Corps (1 hour)
- From Orly airport: Orlyval, connection at Antony for RER line B to Massy (RER/TGV) and TGV to Saint-Pierre des Corps (50 min). Then take the train shuttle for Tours (center, 10 min).

Scope

The aim of this seminar is to promote direct exchange information between researchers from the two FP7 programs and scientists from university and industry involved in the field of lithium batteries.
